When Otis T. Carr open an US patent for an Ovni-like vehicle ...

Otis T. Carr, was a Nikola Tesla pupil. He in 1959 found a US Corporation and raise money to create a Ovni-like vehicle. This happens in 1959 ...

You can read immediately the US Patent: 2,912,244 (Click the image below)

Otis Carr was really religious. We include some pages he wrote in our Free Energy section at FTLearningKits.

We know this may shock you a little bit, so we will stop now. There are a complete website
